

**David Rose** – Standing for general committee member

I bring knowledge of Christchurch disc golf, I first started playing back in 2004 around Jellie Park with some locals and my first New Zealand tour event was in 2010. I had a few years off to come back to see the baskets get installed at Jellie Park, I then organised the install of the 18 tee pads there.

I have been lucky to have the time to travel and play at 29 of the 56 courses here in NZ as well as a few overseas. This has given me a good chance to see different course layouts and what you can achieve with different spaces offered for course designs. Most of my travelling has been to play tournaments and experience many different styles of tournament play and how to run a competitive tournament. It has also helped me to organise and run the Christchurch Fling for the last 4 years and implement the Trilogy Challenge Competition to town for 3 years now.

In 2018 I founded Gecko Sports Ltd, this was very much a personal challenge of operating my own business and I currently wholesale disc golf towels to retailers around the country. It is very much a hobby business.

I also have a 12yo boy who likes to play so I'm very passionate about the youth development. This has also propelled me in supporting mental health foundations as I organised the I AM Hope fundraiser in 2019.

I ask you for your vote to help grow disc golf in Christchurch and to see you get value from your membership fees.
